---

The plant of Kaiser Food in Szolnok has been producing meat specialties for more than half a century. This is where the unique tasted Kaiser salami is made.

The salami products are constantly developed in our factory in Szolnok, which play prominent role in the palette of the Hungarian meat industry.

The character of KAISER salami is also characterized by special ingredients and respect for tradition: it is made with special spices and craftsmanship.

Whichever KAISER product you choose, you will feel the harmony of flavors spreading in your mouth and you can enjoy every moment, as we traditionally and passionately make uniquely delicious pieces.

A unique Hungarian product with special taste which was aged with noble mold for 90 days
